

# Youth Groups Schools, Scouts, Guides, Outdoor Educational Experiences in South Ontario

## A Canadian Heritage River & 2 World Biospheres

Our waterways & pathways provide a great range of outdoor activities with natural & cultural history, easily accessible *in the Heart of Southern Ontario*.

**Grand River** & its tributaries are a Canadian Heritage River, forming South Ontario's largest watershed & forested region.

**Long Point Bay & Big Creek** are home to a World Biosphere & 2 National Wildlife Areas, proving a true Eco-adventure close to home.

**Bruce Trail**, Canada's longest footpath, runs along the Niagara Escarpment, a 2<sup>nd</sup> World Biosphere with Unexpected Nature in Hamilton Region.

**Canada's most Biodiverse Region  
so close you can touch it.**

**Our Carolinian forests contain more endangered & rare species than any other eco-system in Canada. Wildlife from white-tailed deer, to coyote, osprey & bald eagles are found by the Grand. Flora includes American Chestnut Sassafras, Black walnut, & 300 year old Sycamore trees.**

Choose From A Variety Of Options
